

LETTY GALI- DIRECTOR & CO-FOUNDER

Letty has served in full-time ministry for the last sixteen years with various non-profit organizations such as Campus Crusade for Christ, Yorba Linda Friends Church, and Hill of Hope. She meets with students and challenges them to become better students and to have a better attitude in their homes and community. Having grown up in Brooklyn, NY, Letty is able to relate with the students, which in turn, allows the students to be vulnerable, honest and teachable. Letty's heart is for students to believe in themselves and to reach for the stars. She challenges the students to dream big, give back to the community and helps them reach their goals.

SAVANA BUTTACAVOLI- CO-DIRECTOR & CO-FOUNDER

Savana has always been very involved in music and service ministries from a young age. Her passion is to use music as a tool to serve others, as music is a universal language that bridges gaps between cultures and communities. She has had the opportunity to use her gifts to serve in Mexico, Romania, Canada, Santa Ana, San Francisco, and most recently, overseas to sing in Iraq for the Armed Forces. A few years ago, Savana had the chance to go on a mission's trip to work with the victims of Hurricane Katrina. There she met Letty. Together, they knew God had huge plans for this community. They have been led to build and grow the ministry into a non-profit organization. Savana's passion is to teach and empower all kinds of people to value education and to use it as a tool to serve others.

ABOUT US

LOT318 stands for "Loving Others in Truth" from the verse 1 John 3:18.

LOT318 exists to minister to at risk youth and their community by empowering them to see their worth and purpose.

LOT318 challenges the youth to serve others in the community and be role models among their peers.

LOT318 believes in education, and teaches the youth to value themselves and to utilize the resources available.

LOT318 gives these youth opportunities they may have never had, and to help them become a positive influence in their community

OUR VALUES

Relationships: We believe in building relationships with the members of the community and living life with them. We exist to serve and love each other in truth and build a foundation for lifelong friendships.

Education: Our goal is to encourage the students to reach and maintain educational goals. We will give them access to achieving their dreams through after-school homework help and tutoring programs. Our hope is that they fall in love with learning and seize the opportunity given to them through education.

Faith: Jesus Christ is the center and foundation of everything we do. We want to be the hands and feet of Jesus and bring others to Christ through our actions.

Community: We want to be a community of believers and remain in constant fellowship with one another. We want to bridge the racial/socio-economic gaps that exist within our hometowns to create peace amongst our neighbors.

MARCO'S STORY

Growing up, my life was hard. I was doing drugs at 14 and didn't have a lot of friends. No one wanted to accept me for who I was. I found a group of people that seemed to appreciate me and I joined the La Jolla Street Gang. LOT318 brought a service team to my neighborhood and gave me love when no one else gave me that. They walked with me as I made mistakes and they helped me in school and at home. LOT318 gave me a chance to show that I am capable of leading even when others didn't think that I could. Today, I still live on Cypress Street and want to live my life as an example to those that live around me. I am involved in planning and leading a High School Service team, just like the one that God used to change my life.

WHAT WE DO

A community center where Christ is lived out:

After School programs Professional skill development
Free Legal Counseling Tutoring/Homework Center
Leadership development
